

*Political allies
Solomon's folly*

Solomon married many of his wives to form alliances (friendships) with various nations. This brought temporary peace, but led to sin in Solomon's life, because these women led him away from God.

Cross out the choice that would displease God in the following decisions. How could having many wives, or husbands, lead to making these bad decisions.

	<p>Marrying one wife for life</p> <p>Marrying and divorcing as many times as you want</p>
	<p>Worshipping idols or false gods</p> <p>Worshipping in the manner the Bible tells us to</p>
	<p>Leading others to Christ</p> <p>Teaching false doctrine</p>
